Unleash the creative within you with this fun ceramic workshop. This will teach you the techniques of building with air clay. It will open your mind to the possibilities of many other creative crafts that you can achieve after learning the basics. The results are very unique and imaginative which will expand to make fantastic gifts, ornaments, pottery, jewellery and much more.

## About Svetlana:

Svetlana's artistic journey all started when she attended Julian Ashton Art school. She derives her creativity from the love and passion she has for nature and the environment. A few years ago she decided to broaden her horizons and began leaning ceramics, now there is not stopping Svetlana with the sweet flavour for all things creative and has recently won awards for both her ceramics and paintings.

## Class outcomes:

This class will teach students an introduction to assemble pinch pots, then progress to, rolling slab pots and confidently master a coil pot. You will finish off these ceramic pots by learning how to make ceramic flowers, which will then be attached to your creations. At the end of the workshop, you will go home with three styles of ceramic pots, that will be adorned with ceramic flowers. This workshop will open your imagination when you witness the spectacular results you have created yourself and fun along side Svetlana's bubbly personality.

**What You Will Learn:** Three ways of creating pots with clay - Techniques on how to make pretty ceramic flowers - How to attach the ceramic flowers to your pots.

## Materials included - What extra to bring:

- Apron - most important as it does get messy.
- Your own lunch (drinks will be provided)
